- 6** Tongue & Groove Double Doors
- 8** Flush Panel Doors
- 9** Door Hardware

OMEGA® Windows and Doors' third party Toitū Product Certification means our residential products sustainably lead the industry.

Achieving a carbon footprint of 1.4kg of CO₂e per kilogram of Aluminium on a Scope 1 and 2* by using a high content of recycled aluminium saves 976,500kg of carbon from leaching into the atmosphere. The carbon savings would need to have been sequestered by 16,147 tree seedlings grown for 10 years or 515 hectares of forest, equaling the size of 3.5 average sized dairy farms in New Zealand.

* Based on 1,000 homes, averaging 350kg per house lot

Entrance Doors

OMEGA® Windows and Doors has a range of innovative, high-quality entrance doors for your home or commercial property. Make your entrance count with OMEGA® Windows and Doors.

Tongue & Groove Doors

OMEGA® Windows and Doors has a range of innovative, high-quality entrance doors for your home or commercial property. Single or double tongue and groove doors are available in a range of styles.

- OMEGA® Entrance Doors offer both classic and contemporary approaches to your home's entry point. We have a full range of traditional tongue and groove doors that can be assembled at any width*. These can be provided as a French Door arrangement or single panels. We pride ourselves on leading the industry with cutting-edge design in Entrance Doors and constantly adding to the range.
- Vertical tongue and groove door panel assemblies with optional 'expressed' glazed inserts.
- Panels are a standard 42mm thickness from interior to exterior.
- 56mm thermal offering is available for Single Tongue & Groove Doors only.

* Any width 1200 maximum at 2mm increments
